Oh Oh Oh, Oh

Yesterday was easy

Happiness came and went

I got the movie script

But I don't know what it meant

I light a cigarette

'Cause I can't get no sleep

Theres nothing on the TV nothing on the radio

That means that much to me

Theres nothing on the TV nothing on the radio

That I can believe in

All my life

Watching America

All my life

There's panic in America

Oh Oh Oh, Oh

There's trouble in America

Oh Oh Oh, Oh

There's panic in America

Oh Oh Oh, Oh

A B

D G

Yes I got the news

A B D G

When you get it straight, but stand up you just can't lose

A B D G

Give you my confidence, all my faith in life

Don't stand me up

To hold me, say you'll be here

To hold me, say you'll be here
