

Band Of Gold - Freda Payne

INTRO OVER G //// x 4

[G]
Now that you're gone
[D]
All that's left is a band of gold
[C]
All that's left of the dreams I hold
[Am] [C]
Is a band of gold
[G] [C]
And the memories of what love could be
[G] [C]
If you were still here with me

[G]
You took me from the shelter of a mother
[D]
I had never known, who loved any other
[C] [Am] [C]
We kissed after taking vows
[G] [C]
But that night on our honeymoon,
[G] [C]
We stayed in separate rooms

[G] [D]
I wait in the darkness of my lonely room
[C]
Filled with sadness, filled with gloom
[Am] [C]
Hoping soon
[G] [C]
That you'll walk back through that door
[G] [C]
And love me like you tried before

[G]
Since you've been gone
[D]
All that's left is a band of gold
[C]
All that's left of the dreams I hold
[Am] [C]
Is a band of gold
[G] [C]
And the dream of what love could be
[G] [C]
If you were still here with me
