

## The Black Hills Of Dakota - Doris Day

[C]//

[C] *Take me back to the black hills*

The black hills of [G7]Dakota  
To the beautiful Indian country  
That I [C]love

Lost my heart in the black hills  
The black hills of [G7]Dakota  
Where the pines are so high  
That they kiss the sky [C]above

[C7]And when I [F]get that lonesome feelin'  
And I'm [C]miles away from [Am]home  
I [D7]hear the voice of the mystic mountains  
[G7]Callin' me back home

So [C]take me back to the black hills  
The black hills of [G7]Dakota  
To the beautiful Indian country  
That I [C]love

[C7]And when I [F]get that lonesome feelin'  
And I'm [C]miles away from [Am]home  
I [D7]hear the voice of the mystic mountains  
[G7]Callin' me back home

So [C]take me back to the black hills  
The black hills of [G7]Dakota  
To the beautiful Indian country  
That I [C]love

[C]Take me back to the black hills  
The black hills of [G7]Dakota  
To the beautiful Indian country  
That I [C]love

That [G7] beautiful Indian country  
That I [C]love
