This Place - Jamie Webster

INTRO:
[C] [C] [C] [C]
[F] [F] [F] [F]

VERSE:
[C]This place is where I'm from
[C]Familiar faces and the accent's like a song
'Cause I've been **[F]**travelling places
That I don't belong **[F]**and

[C]Spending days of being a stranger
[C]Times lost when you're out of range
Without the **[F]**hustle and bustle
And it all seems quite **[F]**deranged

PRE-CHORUS:
But when I **[G]**think about the birds and George's hall
And when they **[F]**tried to knock us down and we stood up tall
This **[G]**city will forever be me saving grace
So no **[F]**matter where I am

CHORUS:
I'll raise a glass to **[C]**this place
So raise a glass to **[F]**this **[F]**place

VERSE:
[C]This place has cries and screams
[C]But there's plenty of people
Building hopes and **[F]**dreams
So **[F]**here's to the ones working behind the scenes

And **[C]**gives me a smile, gives me a shiver
[C]When I think of being stood on the river
Every**[F]**one's on the take
But this place she's a **[F]**giver

PRE-CHORUS:
So if you're **[G]**feeling sick and tired of the games you play
Have a **[F]**look at where you are, it's another day
At **[G]**least you're not a divvy in a bib and brace
You're **[F]**ahead of the pace

CHORUS:
And you owe it all to **[C]**this **[C]**place
So raise a glass to **[F]**this **[F]**place

BREAK:
[F]You owe it **[C]**all to **[Am]**this place
It's **[G]**all I know
It's **[F]**raining in the summer
And there's **[G]**February snow

The **[Am]**night goes on forever
There's **[G]**loads of gaffs to go
If you **[F]**ask me how I'm feelin'
[G]I'll tell you **[C]**tomorrow
